

School District 60: Peace River North
Framework for Enhancing Student Learning

School District No. 60 is a place where:

- Our **students** are safe and have a sense of belonging, take personal responsibility for their learning and for their interactions with others, have both voice and choice and are fully engaged in their learning in arts and athletics as well as academics
- Our **employees** are engaged and passionate about their work; they take personal responsibility, take risks and are empowered to make a difference for students
- Our **schools** are student-focused, inclusive, welcoming and reflective of community needs and values
- Our **communities** are fully engaged with and share ownership of our schools

The core values that guide our work:

Respect, Compassion, Honesty, Responsibility, Relationships

Achieving our “North Star” will require the involvement and commitment of everyone in our Peace River North school community.

Our 2018 - 2023 Board Strategic Plan includes the following four overarching pillars:

<p>Delivery of Excellent Educational Programming Focused on Student Outcomes</p>	<p>Provision of Ethical Leadership Focused on Relationships and Continuous Improvement</p>	<p>Exemplary Management Practices Focused on Aligning Resources for Optimal Results</p>	<p>Engaged Governance Focused on Advocacy, Accountability, and Community Partnerships</p>

The Board Strategic plan pillars were developed independently from the FESL goals. We will work towards alignment in 2024.

Framework for Enhancing Student Learning 2018-2023

2022 Update

Goal 1: Increase Dogwood Completion Rates

Goal 2: Increase Student & Staff Social/Emotional Competency

Goal 3: Enhance Student Options Through Diverse Learning Experiences in Career Education

Goal 4: Support Student Achievement Through a Systemic Learning Support Model

Introduction

Peace River North serves communities north of the Peace River to south of Mile 226 on the Alaska Highway, and from the Rockies east to the Alberta border. We live, work, and learn on the traditional territory of the Dane-zaa or Tsáá? Ché Ne Dane within Treaty 8. Communities of Fort St John (Gat Tah Kwá), Hudson's Hope, and Taylor, Blueberry River First Nations, Doig River First Nation, and Halfway River First Nation, and several other rural areas contribute to a population of over 35,000 inhabitants. Our student population is approximately 5730 in our 22 schools. We also have a Provincial Online Learning School that provides service to K-12 and adult students. 13 of our schools are in urban areas with 10 in rural areas. The school district employs 1100 staff (786 FTE) with an operating budget of \$71.3 million for 2021-2022. School District 60 works to engage with our communities that we serve. Our Board of Education, Senior Staff, School Leaders and teachers strive to connect with families, communities, and partners.

Truth and Reconciliation

Our work continues on Truth & Reconciliation through our Equity Scan, our Local Education Agreements (LEAs) with the Doig, Halfway and Blueberry River First Nations, our Indigenous-focused grad courses and our curriculum development initiatives. This work is integrated into all aspects of our planning at the school and District level.

Framework Development Process

From the [Board Strategic Plan](#) that was developed in 2018 with education stakeholders and from local and provincial learning evidence, the goals for the Framework for Enhancing Student Learning (FESL) were established. Progress is reviewed regularly through annual school FESL presentations and Board Reports. The Board Strategic plan pillars were developed independently from the FESL goals. We will work towards alignment in 2024.

What the Evidence Told Us

While significant progress has been made with regards to Indigenous graduation rates, this still needs to improve, along with the overall 5-year and 6-year graduation rates. Literacy achievement is relatively strong in the primary years as reflected in district and provincial assessments, but declines in the middle/transition years. Support for numeracy instruction and achievement is needed system-wide. There is an ongoing need to support the social and emotional learning of our students and staff.

Data figures are footnoted and analysis is provided at the end of the document by figure.
